SPEEDMAX25

25W USB-C PD + 12W USB Fast Car Charger
with 4ft USB-C® to USB-C Cable

More Power. More Speed. Whether you're charging an iPhone 15 or a Samsung Galaxy phone – plug into the SpeedMax25 dual port car charger for a super-fast charge from 0 to 50% in just 25 minutes. The 25W USB-C Power Delivery port has 5X the power of standard built-in USB ports – and with PPS technology built in, the charger can actively optimize each and every charge to protect your battery against harmful heat buildup. The additional 12W high-speed USB port runs on its own independent circuit, so you get a guaranteed super-fast charge for your phone while you simultaneously power up any second device.

With the included 4ft USB-C to USB-C cable, this complete commuter charging kit has all you need to start charging at max speed on the road, right out of the box. (*Vehicle sold separately.*)
