

AEROFLEX³⁶⁰

Open-Ear True Wireless Earbuds

Never miss a beat with the AeroFlex 360 Open-Ear True Wireless Earbuds from HyperGear. With their ultra-comfortable open-ear design, these earbuds rest ON your ears (not IN them) so you can enjoy your music while maintaining full 360° awareness of your surroundings - perfect for the gym, the office, and the busy commutes in between. Wear them all day long with zero pressure, ear fatigue, or plugged feeling, as the ultra-light earbuds hover just outside your ears for an airy and breathable fit, secured in place by flexible ear hooks that are outfitted with a skin-friendly silicone finish. Directional Acoustic Technology delivers clear and focused audio while minimizing sound leakage, so only *you* hear what you're listening to.
