

Universal Magnetic Phone Mount

MagBuddy® *Anywhere*⁺

ELITE SERIES

Experience the MagBuddy® Elite Series mounting system, revolutionizing hands-free viewing for mobile devices. This highly versatile magnetic mounting system keeps your hands free by securing even the largest tablets at eye level and within easy reach. While most mounts only work on a flat surface, the Anywhere+ has an adhesive base with dual flexible flaps that can attach to a wide range of surfaces from flat (walls, doors, and cabinets) to contoured (curved dashboard, car door, etc.)! Just hover your device near the magnetic head, and four rare-earth magnets instantly grasp on, holding it in place. Easily adjust or rotate your device to any viewing angle using 360° Swivel Ball technology. You'll be surprised where you can find uses for it throughout your vehicle, office, and home. MagBuddy® makes life easier!
