

# MagView

## Stand for MagSafe® Charger

Organize your workspace with the convenient, space-saving MagView! The MagView keeps your phone mounted in view and charging with full compatibility from Apple's MagSafe® Charger or HyperGear's Magnetic Wireless Fast Charger. Enjoy a hassle-free, quick installation by placing your charger in the included non-slip protective silicone ring and snapping on your MagSafe® compatible iPhone or case for a powerful magnetic hold in either portrait or landscape. With 270° of adjustable viewing angles, it has never been easier to find the perfect view and get powered up as you work, watch videos, or play games. The modern and functional design, crafted from aircraft-grade aluminum construction, keeps the stand cool to the touch while charging. The MagView looks great on any desk or nightstand and eliminates the need for one more charging cord! Maintain a clean workspace without the clutter of cables and bulky chargers!
