

SpeedBoost

40W USB-C PD GaN

Fast Wall Charger with PPS

Charge like a pro with the SpeedBoost 40W GaN Fast Wall Charger. Designed for the new iPhone 16 Series, this compact powerhouse provides USB-C Power Delivery output up to 40W – that’s enough to ultra-fast charge an iPhone 16 Pro Max from 0 to 50% in under 20 minutes! Next-gen gallium nitride (GaN) circuitry packs 2X the power of a standard iPhone fast charger into a pocket-sized design that generates significantly less heat as it operates. Save time and space at your desk or in your bag – with this much power, you can use just this one single charger for your iPhone, iPad, and even your MacBook Air.
