## SpeedBoost

### 65W USB-C PD Wall Charger

# 65W

Boost your charging experience with Power Delivery and PPS efficient fast charging technology, and charge all the devices you carry with a single charger! The SpeedBoost 65W USB-C PD/PPS Wall Charger is capable of full-speed laptop charging with the ability to intelligently scale down and deliver an optimized super-fast charge for the latest iPhones and Android smartphones – 0 to 50% in under 30 minutes! Say goodbye to filling your bag with multiple dedicated chargers and laptop power bricks – with 65W of super-fast power in this single charger, you can charge all of the devices you carry with you every day, and charge them fast. With PPS support for compatible phones, the charger is able to make micro-adjustments throughout the entire charging cycle to boost its efficiency, charge your phone even faster, and protect your battery from harmful heat buildup. Charge up your laptop, then plug in your phone – by the time your laptop needs power again, your phone will be at 100.
